

2016 Dayton Days/Mule Mania

The Dayton Days Parade route will start at the East End of town on Highway 12. The route will run West onto Main Street down across the bridge and turn left onto Cottonwood.

Mule Mania will enter Main St on 4th after Dayton Days and will head West across the bridge between Front Street and Cottonwood. A flagger will fully stop traffic until the horses and mules have cleared the bridge and then take side streets back to the County Fairgrounds.

All of the side streets will be closed following the detour route through Dayton by City of Dayton Employees. Highway 12 will be closed east of downtown Dayton at Dayton Ave. The eastbound lane of Highway 12 will be closed leading up to N Willow Street on the West end of downtown Dayton. Westbound traffic will continue to use the Westbound lane, and eastbound traffic will use the center turn lane. Main Street will be completely closed to traffic at Front Street. Flaggers will be placed at the bridge South of Washington Street. A person will be placed at every intersection immediately surrounding Main Street to prevent traffic from entering Highway 12 at the wrong locations.
